

Interact With Us

No web site? No problem! Try our Hosted Showroom.

- Gain the advantage of our advanced Search Engine Marketing to give you high visibility on the organic (left) side of search engines without paying per click
- Gain high placement in Google Shopping within 48 hrs.
- Use our state of the art, proprietary search engine technology
- This is a "turn-key" solution for the retailer or manufacturer new to online showroom marketing
- Use it to showcase your new products as well as closeouts and clearance items
- Create a new "brand" to increase and enhance your Internet presence
- Showcase your new products in the Featured Items Gallery
- One-click to your web site
- Mini web site branding
- Unlimited listings
- Monetize your stagnant inventory with an instant Internet presence
- Add our Room Planner for a small one-time charge

Got a web site? Supercharge it with our Embedded Showroom.

- Gain the advantage of our advanced Search Engine Marketing to give your existing web site high visibility on the organic (left) side of search engines without paying per click
- Customizable color scheme makes it appear seamless within your existing web site
- Gain high placement in Google Shopping within 48 hrs.
- Use our state of the art, proprietary search engine technology to give your customers a satisfying experience within your own web site
- This is a "turn-key" solution for adding advanced search capability.
- Showcase your new products in the Featured Items Gallery
- One-click "Add to Cart" to interface with your eCommerce package
- Unlimited listings
- Easy to upload and manage without being dependent upon your IT department or professionals
- Icovia Room Planner available

Want the best of all worlds? Have both a Hosted and an Embedded Showroom.

- Double your exposure in Google and Google Shopping
- Double your traffic. FurnitureFindex has a one-click link taking the user directly to your web site
- Select which items appear in FurnitureFindex.com, your web site or both. Always editable

Want to take our proprietary technology and modify it to suit your own needs?

- We will license our source code
- Lets your programmers (or ours) adapt our work in any way you see fit. The only limit is your imagination!

Other resources and services (inquire for fees)

- Upload help
- Photographic services
- Screen-scraping to upload your existing inventory
- Item data entry
- Assistance with bulk uploading
